

HACK THE HOSPITAL

5G TRANSATLANTIC LAB

BOS  BCN

APRIL 30TH - MAY 2ND 2021

MENTORS OPEN CALL

We are looking for mentors willing to help the 50 transatlantic teams that will work together over last weekend of April to explore the potential of 5G and XR to reduce the negative impact of long term convalescences at the hospitals for paediatric patients (and families).

The project will take place between Barcelona and Boston from April 30th to the May 2nd in a hybrid format and involves the cooperation of Hospital Sant Joan de Déu (Barcelona) and Boston Children's Hospital (Boston) organised by Garage Stories and Mobile World Capital with the support of Cisco, GSMA, IBM, Barcelona Tech City, MedVR, and 5G Barcelona. The two best projects will be presented at the Mobile World Congress 2021 and will be developed in both hospitals.

Mentors role - ONLINE

We are looking for mentors in storytelling, design, healthcare, XR, AI, 5G, business development, pitching, etc! To help teams come up with the best ideas.

Schedule

The lab will officially kick off Friday 30th at 3pm Barcelona/ 9am Boston until Sunday 2nd 7pm Barcelona/ 1pm Boston.

APPLY

To join as a mentor, apply here: 5GTransatlanticLab.com/mentors
