Boehringer Ingelheim FENS 2018

This award is sponsored by Boehringer Ingelheim and is announced by the Federation of European Neuroscience Societies.

The award is given in recognition of outstanding and innovative research. The personal prize amounts to 25,000 EUR.

Candidates may either apply themselves or be proposed by a fellow neuroscientist. Candidates must be under 40 years of age and either be of European origin or affiliated with a European institution. The Boehringer-Ingelheim FENS Award is presented during the meeting. The prize winner gives a special lecture at the meeting.

The next call for nominations will be launched in spring 2017.

Boehringer Ingelheim FENS Research Award 2018

Boehringer Ingelheim FENS Research Award is given in recognition of outstanding and innovative scientific contributions in any area of neuroscience research.

Personal Prize 25 000 €

Requirements:

Candidates may either apply themselves or be proposed by a fellow neuroscientist. Candidates must be under 40 years of age and be of European origin or affiliated with a European institution.
